

MLOps for IoT Edges

Durée 3h

MLOps for IoT Edges (1) - Definition

MLOps for IoT Edges (2) - CD

MLOps for IoT Edges (3) – TinyML

OpenMV Cam H7 Plus

MLOps for IoT Edges (4) – TinyML

[Tutoriel Edge Impulse pour Raspberry Pi 4](#)

MLOps for IoT Edges (5) – TinyML

MLOps for IoT Edges (6) – TinyML

Processus MLOps pour TinyML

MLOps for IoT Edges (7) – TinyML

MLOps for IoT Edges (8) – TinyML

Canary Deployment

Blue/Green Deployment

Shadow Deployment

MLOps for IoT Edges (9) – TinyML

MLOps for IoT Edges (10)

Exemple de Framework

MLOps for IoT Edges (11)

Exemple de Framework

MLOps for IoT Edges (12)

MLOps for IoT Edges (13)

Exemple de Framework

MLOps for IoT Edges (14)

Exemple de Framework

Training: Machine learning experts build and train their network to solve their particular problem

Inference: Qualcomm Neural Processing SDK allows the network to run on QTI devices

• **MLOps for IoT Edges (15) : Applications**

- Secteur Agricole : Identifier précocement les maladies des plantes
- Secteur Industriel : Prévoir les défaillances des machines
- Secteur de la Santé : Réduire la propagation des épidémies
- Préservation des espèces en extinction : Prévention des surpêches et des chasses non autorisées
